I pay a monthly subscription for XM radio..I have 3 of them..one in both of my vehicles and one in my camper...I can listen to the same station no matter where I am..It's great entertainment that isn't offered on any AM or FM radio station. I listen to weather channels to keep me updated on what I may run into while traveling or camping. I request that the FCC reject NAB petition 04-160 and support what XM radio has done for the person on the road and at home.. It's great, it's not broken, so please don't "fix it".

thank you,
Jim and Kathy Allen.
